Hello,

I am following up with you about the name violation of your Facebook website. The requested changes have not been met so far. **If these changes are not met by December 7, 2014 your club will no longer remain in good standing** and will not be able to apply for things like CFC or Beyond Tolerance grants for funding.

The name of your facebook page "Ayn Rand Society at UC Davis" is indeed in compliance with the trademark policy, but the website domain URL is still in violation: <https://www.facebook.com/groups/ucd.aroc/>

Please make the specified changes to the URL, update your profile on OrgSync, and email us when these changes have been made so that your club can remain in **good standing**.

Sincerely,  
CSI Staff  
A.N.
