State of University Judiciary

Greetings to all of our alumni near and far! We hope you are all doing well, and we are excited about this opportunity to share with you some highlights of the past year.

This year our goal was to increase campus awareness of the Code of Conduct and University Judiciary, and we did this through educational outreach events that focused on encouraging students to be responsible members of the UGA community. We also worked hard to make UJ a cohesive organization that serves to develop members and all other students. This semester we had our annual overnight retreat at Camp

students. After an intensive 14-week training class, these 24 new members were inducted at the Jenny Penney Oliver University Judiciary Recognition and Induction Ceremony. Finally, we have administered and refined formal hearings in order to continue to offer students a fundamentally fair conduct process.

Please take a minute to forward this email to alumni who may not be a part of our email list and please update your own information so that we can continue to keep our alumni informed about our organization.

Jenny Penney Oliver University Judiciary Recognition and Induction Ceremony

This annual event is named for Jenny Penney Oliver, a long-time member of the University community and beloved advisor of University Judiciary. New members of University Judiciary were inducted, 14 Advisor/Advocates and 10 Justices. We also had the privilege of recognizing graduating seniors and honoring deserving members with awards voted on by peers and staff. The ceremony was concluded by alumni speaker Roy Barnes, who offered words of motivation and perspective.

The Public Affairs team organized and executed several interactive, informative, and educational outreach programs this year. We are most proud of the campus-wide impact of two events: Showcase of Diversity and the Be Healthy, Be Safe, Be Legal campaign. During these programs, we collaborated with many other campus organizations and departments to educate students about the Code of Conduct, the conduct process, and standards we hope all Bulldogs strive to achieve.

Community Service

This year we continued our partnership with the local organization Keep Athens Beautiful. Members volunteered in both the fall and spring semesters at Cedar Shoals High School and assisted with the upkeep of the school's garden.

Looking Ahead

With the graduation of 17 of our finest members-who will be dearly missed- and the arrival of 24 new members who are so eager to humbly serve our University community, we now turn to a new year as an organization.

As an organization, we will continue to work hard to focus fall recruitment efforts on populations that have typically been under-represented in UJ. Furthermore, we will continue to work to ensure our new members are trained in such a way that sets them up to be great Advisor/Advocates and Justices.

As one of the few remaining organizations of our kind on college campuses, we take our responsibility to students and to the entire UGA community seriously and are proud of the hard work we have put in and will continue to put in to keep UJ a prestigious and impactful student organization. With continued hard work and commitment by all members, this next year will be even more successful.

"I will continue to hold a high standard of excellence from our members and continue to grow the unity we share as members of this prestigious organization."

Bryant Anthony, Executive Director
