I can't even begin to explain how fucked up in the head you have to be to have a two time convicted cop killer come speak at your school. What an absolute joke of an education your school must be if the person leading the school is brain dead.

I sincerely hope you are shot dead in the street and your wife and kids get to watch life leave your ugly eyes just like those poor officers so your family can know what it feels like to lose someone like that. You deserve it you dirty scumbag.
