Policies & Procedures Living On-Campus North Village

North Village Policies & Procedures

Each resident has the right and ability to make decisions about his or her own conduct. Just as importantly, each resident has the responsibility to accept the consequences of those decisions. When an individual's behavior conflicts with the values of University Housing Services, he or she must adapt his or her behavior to meet the needs of the community, or leave the residence halls.

Carefully considering that particular choice—the conscious choice whether to be a part of a community, whether to change his or her behavior to fit the community's standards—helps each person define who he or she is in the community and in society at large. It can be a formative choice for you with far-reaching implications and should not be taken lightly.

Abandoned Items

After a resident has moved out of the hall, apartment or suite, an item is considered abandoned if it is left behind. Abandoned property will be inventoried, packed and stored by University Housing Services staff. Residents will have up to 30 days to claim their belongings (after notifying University Housing Services staff in writing) after having officially checked out. After 30 days, staff will dispose of abandoned items pursuant to California Civil Code. University Housing Services staff members are not responsible for abandoned items. The resident may be charged for packing and handling based on labor charges.

Alcohol Policies

Students under 21 are prohibited from transporting, possessing, or consuming alcoholic beverages in the residence halls. Students under the age of 21 in the presence of alcohol will be found in violation of the alcohol policy, unless it is in the presence of a roommate or suitemate that is of legal drinking age and the student under 21 is not drinking.

Students age 21 and over can consume alcohol in their room/suite with the door closed so long as they are not in the presence of anyone under 21 years of age, unless it is a roommate or suitemate that is not consuming alcohol.

The following rules apply for possession and consumption of alcoholic beverages:

- A student over 21 is prohibited to host and serve alcohol to a person under 21 years of age. It is a violation of state law to furnish alcoholic beverages to anyone under the age of 21.
- Alcohol cannot be consumed as part of a large group or party where the main purpose appears to be drinking alcohol.
- Transport of alcoholic beverages by persons over 21 to and from their room is permitted only under the following restrictions: alcoholic beverages must be in the original container, remain sealed by the manufacturer and in an opaque container such as a paper bag.

- Drinking games or simulated drinking games are prohibited. This includes beer pong, waii pong (or another beverage), flip cups, quarters, and other variants. Items used for drinking games or other activities that encourage the excessive or rapid consumption of alcohol are not allowed (beer pong tables, beer bong, funnels, etc.)
- The manufacture of any type of alcoholic beverages by any method is prohibited.
- The sale of alcoholic beverages in the residence halls is prohibited.
- Public intoxication is prohibited.
- Inability to care for oneself while under the influence is a violation of the alcohol policy.
- Possession/use of alcohol in any public area in or around the residence halls or any public area of the University is prohibited.
- Alcohol (opened or unopened) found in connection with residence hall policy violations will be disposed of.
- Collection or display of alcohol containers is not permitted in student rooms, suites, or apartments.
- Any damage occurring as a result of alcohol use (including that due to vomit) will be the responsibility of the resident.

Discrimination, Harassment, and Retaliation

University Housing Services (UHS) recognizes the negative impact discrimination, harassment, or retaliation described in Executive Order 1097 has on an individual or the residential community. More information in [Office of Human Resources \(https://www.csus.edu/administration-business-affairs/human-resources/index.html\)](https://www.csus.edu/administration-business-affairs/human-resources/index.html). Once notified of an alleged violation of this policy UHS will immediately refer the incident to the Office of Equal Opportunity for further investigation. Interim measures may be handed down including removal from housing while the incident is being investigated. Executive Order 1097 defines Discrimination, Harassment, and Retaliation as the following:

- Discrimination means Adverse Action taken against a Student by the CSU, a CSU employee or another Student because of a Protected Status. Adverse Action means an action that has a substantial and material adverse effect on the Complainant's ability to participate in a University program or activity free from Discrimination, Harassment or Retaliation. Minor or trivial actions or conduct not reasonably likely to do more than anger or upset a Complainant does not constitute an Adverse Action.
- Harassment means unwelcome conduct, based on the Complainant's Protected Status, that is sufficiently severe, persistent or pervasive that its effect, whether or not intended, could be considered by a reasonable person in the shoes of the Complainant, and is in fact considered by the Complainant, as limiting her/his ability to participate in or benefit from the services, activities or opportunities offered by the University.

Retaliation means Adverse Action taken against a Student because the Student has or is believed to have:

- Exercised rights under this Executive Order;
- Reported or opposed conduct which was reasonable and in good faith believed to be in violation of this Executive Order;
- Assisted or participated in a policy-related investigation/proceeding regardless of whether the Complaint was substantiated; or,
- Assisted someone in reporting or opposing a violation of this Executive Order, or assisted someone in reporting or opposing Retaliation under this Executive Order.

Retaliation may occur whether or not there is a power or authority differential between the individuals involved.

Violating Executive Order 1097 can have implications relating to enrollment at the University as well as violating the terms of the University Housing Services license agreement.

It is a resident's responsibility to familiarize him or herself with evacuation routes and protocols. Emergency procedure protocols are posted in each resident's room. Residents who do not evacuate during a fire drill or alarm will be subject to disciplinary action.

Exterior Doors

As per University policy, the exterior doors to residence halls must be securely closed at all times. If a sprinkler is set off accidentally or intentionally the individual(s) involved will be responsible for all costs associated with clean up and damage and will be subject to disciplinary action.

Penal Code 148.4 makes it a misdemeanor to trigger a false fire alarm, make a false report of a fire or tamper with/destroy fire equipment. Fireworks are not permitted in the residence halls or in the complex at any time. Storing or discharging firecrackers, rockets, cherry bombs, or any other incendiary device in or around the residence hall complex is prohibited. Guest

This visitation policy is designed to ensure the safety and consideration of our residential community members and property. Residents may have guests in their residence hall rooms beginning on the official move-in day of each semester and thereafter. Please refer to the current [license agreements \(https://www.csus.edu/./apply-costs.html\)](https://www.csus.edu/./apply-costs.html) for the “official move-in” date for the current term.

Residential students are permitted to host guests, with respect to the rights and privacy of the other person(s) living in the unit and community, taking into consideration and adherence to the following guidelines:

Term Definitions:

- A **Resident** is defined as a student officially licensed, as a Licensee with the University, to reside in University managed or affiliated housing. Housing locations that are either university-managed or affiliated are the North Village housing complex, Hornet Commons and select off-campus properties.
- A **Resident Host** is defined as a resident who has invited a guest to their room or building.
- A **Guest** is a non-resident or resident personally invited by a “Resident Host” to enter the Resident Host’s Hall/building, living unit, and/or room.
 - Two Types of Guests:
 - Non-Resident Guest(s): All visitors not leased at the property are non-residents. A Resident Host must always register a non-resident guest using our online visitation through HornetHousing Portal and adhere to guest registration and visitation guidelines, no matter the time of day or overnight.
 - Resident Guest (s): Any North Village resident visiting (invited AND hosted by) another North Village resident who resides in a different building/residence hall is considered a guest.
 - Resident Guests may participate in the visitation process, as outlined, without visitation registration during non-overnight

visiting hours from 7:30 a.m. to 8 p.m.

- Resident Guests visiting from 8 pm to 7:30 am must be registered online by their Resident Host prior to arrival and adhere to guest registration and visitation guidelines accordingly.
- North Village residents are not permitted to access a residence hall to which they are not assigned unless formally hosted by a resident of that hall, except for rightfully accessing specific community amenities such as the Riverview Hall Game Room, Fitness Room, Cardio Room, Hornet Mail Center, or to meet with a University Staff member. Residents who are uninvited, not hosted, or unregistered may be subject to the conduct process for violating the visitation policy.

Overnight Guest(s):

Overnight guests are allowed under the following policy guidelines:

- All roommates/suitemates must be consulted with and agree to permit overnight guests before a guest's arrival. Although guests can be denied permission to stay, roommates/suitemates should consider allowing reasonable accommodations to promote a harmonious living environment.
- A roommate/suitemate who denies a guest should communicate to their roommate/suitemate why the guest(s) are being denied permission to visit.
- With the consent of roommate (s), guests can stay a maximum of three (3) consecutive nights and no more than 12 nights in any given semester.
- All overnight guests must be registered according to the Guest Registration Process (see below).
- Although residents assigned to the same residence hall cannot be registered as overnight guests, all provisions of the overnight guest policy still apply, such as obtaining roommate/suitemate consent, the maximum number of nights per semester, and the number of consecutive overnights permitted.

Guests Under 18 Years of Age:

Guests under 18 years of age must be siblings or otherwise have a legally recognized relationship with the Resident Host to be a guest. A resident wishing to host a guest under 18 years of age must submit an email/documentation along with a photo of the guest from the parent/guardian of the minor individual at least two business days before the requested visitation is to occur to their Residence Hall Coordinator. The documentation must authorize the minor's visit, include contact information for the parent/guardian, and authorize University officials to communicate with the

parent/guardian on the matter of the minor in question. Failure to satisfy this provision, or if University Housing Services cannot confirm the authorization for the visit, will prohibit a resident from having an overnight guest under 18 years of age. Once the Residence Hall Coordinator approves a request for an underage guest, the Resident Host must complete the online registration process and check in their guest at the front desk upon arrival.

Guest Registration Process:

- All guest(s) must be registered online in HornetHousing Portal and checked in when your front desk is open.
- All guests, regardless of their relation to the Resident (parents, siblings, etc.), must comply with this policy.
- Resident and guest(s) will receive a digital visitor pass in their email. These should be shown to staff if requested.
- All guests age 18 or older must provide a valid state or federal photo identification card or driver's license to register. Acceptable forms of identification include a Driver's License, State ID card, US Military ID Card, Bank ID Card, Passport, US Citizen's ID-Card, and Green Card - Alien Registration. Student ID cards are not an acceptable form of identification.
- Guests may only be registered with a Resident Host in the hall/building where the Resident Host resides. The Resident Host must provide identification and be present when the guest goes through the guest check-in process at the front desk.
- A resident host may not register another resident from the same hall as a guest.
- No resident may allow guests access to a residential building without following the registration process outlined in the policy.
- Due to occupancy requirements, a Resident host may not have more than two guests registered at one time; requests for exceptions to this policy must be in writing and addressed to the Residence Hall Coordinator at least two business days in advance.
- The University reserves the right to refuse entry to any guests or escort out of the residence halls any guests believed to be violating University and/or University Housing Services policies.

Visitation Guidelines:

- All roommates/suitemates must consent to have guests in the room/suite.
- Roommate or suitemate agreements always supersede a resident's right to host guests; issues or concerns should be worked out between roommates/suitemates. Unresolved

roommate/guest concerns should be taken to a Residential Education staff member for assistance.

- It is a privilege, not a right, to be a guest and to have guests in the residence halls.
- Guests (student and non-student) are expected to act appropriately and follow Student housing and University Policies. Any problems created by a guest are the responsibility of the Resident Host. Resident Hosts are expected to inform their guests of all Housing and University policies and will be held judicially and financially accountable for their guests' actions.
- University Housing Services reserves the right to hold any resident judicially and/or financially accountable if their guest(s) engage in misconduct, including but not limited to violating UHS policies, University policies, or engaging in behavior that damages university property.
- Guests are only permitted to enter a residential building through designated entrances with the escort of their Resident Host. Entrance by any other means is prohibited.
- All guests must be accompanied by their resident host at all times. Guests should not be left alone or unattended in any location, especially in a resident host room or suite.
- Guests may not sleep in building lounges or public areas. • Unescorted and unregistered guests found in student housing facilities will be escorted and risk being cited by the University Police Department for criminal trespass.
- Guests found violating policy or disturbing the residence hall community will be asked to leave the hall/area.
- A resident host may not loan their room key, access card, or University identification card to another resident or guest for any reason.
- Residents who do not register and check-in guests will undergo the student conduct process and may lose the right to host guests for the remainder of the semester/year.
- Uninvited guests are not permitted in the residential buildings. Allowing uninvited guests into these areas violates University Housing Services policies.

Additional guest policy guidelines may apply during certain times of the year when heightened safety and security are necessary to protect the student housing facilities and their Licensees, including construction, maintenance, health-related concerns, or emergencies. University Housing Services reserves the right to suspend or cancel this policy or temporarily alter guidelines that may impact privileges granted under this policy.

Health and Safety Inspections

Housing staff will conduct bedroom, bathroom and common area inspections to ensure the safety and sanitation of each room. Inspections will be announced ahead of time and will occur between the hours of 10:00 a.m. and 10:00 p.m. on the scheduled days. It is not necessary for residents to present during the inspection. Residents in rooms or common areas designated “unacceptable” at the inspection will have 48 hours to clean the space. Failure to clean the space may result in clean charges. If a Code of Conduct or University Housing Services policy violation is found during the inspection, it may result in a conduct referral.

The use, possession, and storage of hover boards are prohibited in the housing complex (all residence halls, Dining Commons, and housing complex grounds).

Inappropriate room entry includes but is not limited to borrowing another resident’s key to access their room, forcing a door open, or entering a room through a window or bathroom.

Improper Check Out

In the event a resident does not properly check out of their room as requested, residence hall staff will inventory, pack and store the resident’s belongings based on our Abandoned Items policy. Residents who abandon their room or suite will incur charges if there is damage to the premises

beyond normal wear and tear. Residents may also be charged for not properly returning room/suite keys or access fobs. If items are left behind, the resident may be charged for abandoned items; please refer to our Abandoned Items policy.

Keys, Fobs, Cards

Keys, Access Key, Cards Upon checking into the halls, each resident is issued keys (includes access key) for their building, suite or room. These keys remain the property of the University. Some examples are cigarette, cigar or pipe smoke; incense; perfume; air freshening spray; large amounts of dirty laundry and marijuana smell (See Drug Policy). Furthermore, because incense is a fire hazard as well as a source of potentially noxious odor, it is prohibited in the residence halls at all times (see "Candles / Incense Policy").

Painting

Painting is strictly prohibited. Residents may not apply paint to residence hall rooms or public space.

Parental and Guardian Notification

The Family Educational Rights and Privacy Act (FERPA) allows public colleges and universities to inform parents/guardians of alcohol and drug offenses committed by students who are under 21 years of age. In line with FERPA, University Housing Services make one-time parental/guardian notifications for second offense alcohol and drug violations or one time egregious violations.

When students under the age of 21 (at the time of the violation) are found in violation of the University Housing Services alcohol or drug policies as noted above the Associate Director will notify the students' parents/guardians via email. The notification will indicate the student was found in violation of the University Housing Services alcohol and/or drug policy. The notice will not include specific details about the incident or the circumstances of the violation.

Parents/guardians interested in specific information concerning the outcome of their student's University Housing Services conduct record are encouraged to discuss the incident with their student. Parents/guardians are encouraged to look here for information concerning the Housing Conduct Process and Housing Policies. If questions remain, parents/guardians may contact University Housing Services. Specific details concerning the violation cannot be shared without a FERPA waiver on file.

Personal Property

The University does not assume liability for a resident's personal belongings and has no insurance cover personal or property damage of resident. Therefore, the University strongly recommends that the resident obtain additional coverage, such as a renter's insurance policy.

Residents should take the following precautions concerning the protection of their property in the residence halls:

- When leaving a room, always lock the door and take the room key. If a room key is lost, residents should contact staff immediately regarding steps to take for obtaining a replacement.
- Report lost electronic access cards/fobs immediately.
- Report any broken or faulty locks to staff immediately.

- Never prop doors open.
- Do not leave laundry unattended in washing machines and dryers.
- Avoid bringing large amounts of cash or valuables to campus.
- Keep cash and valuables secure.
- Close and lock windows when rooms are unoccupied, especially first-floor rooms.
- Keep an inventory of property and when appropriate, keep a list of serial numbers and manufacturers. Residents should consider engraving their name or Sac State ID number onto the equipment or contacting Sacramento State Police Department to engrave personal property.
- Report any unfamiliar persons or individuals immediately to staff. Residents should never admit anyone into the buildings who they do not know for certain is a resident or a member of the University staff. Never make assumptions about strangers' identities or credentials.
- If residents feel they are a victim of a crime, report immediately to the Sacramento State Police Department at (916) 278-6000. Also inform residence hall staff.

Pest

A student whose property introduces bed bug, roach or pest infestation may be financially liable for all or part of the cost of mitigating measures. The infested property will need to be removed. (See "Cleanliness—Room/Suite," and "Health and Safety Inspections").

Pets

The only type of pet or animal permitted in the residence halls are small, non-carnivorous fish. Fish must be kept in a clean, odor free and well-maintained aquarium. Aquariums are limited to a maximum of 10 gallons. Each resident is allowed one aquarium. Residents should be mindful of break periods and planned and unforeseen electrical outages which will shut down aquarium pumps and equipment.

Guests and visitors may not bring pet animals into the residence halls.

Pets found in violation of this policy will be removed immediately.

Additional cleaning and/or pest control resulting from unauthorized pets or unkempt aquariums will be charged to the resident.

For information on service and support animals, please contact University Housing Services at housing@csus.edu.

Political Canvassing

During Associated Students, Inc. (ASI) or Residence Halls Association (RHA) student election time only, door-to-door canvassing by Sacramento State student candidates running for the office of President or Vice President of ASI or RHA may be permitted by making a formal request. Candidates can pick up an application at any residence hall front desk, can pick up an application at University Housing Services, or can download the [Political Canvassing Application](#).

Political canvassing does not include the option to solicit money for any purpose (campaigns, charitable or commercial). If approved to canvass, all candidates must abide by the following conditions:

- Canvassing is only permitted on designated days and times: 2-5 p.m. on Tuesday and Thursday and 5-8 p.m. on Wednesday and Friday. Canvassing is prohibited on Monday and weekends.
- All applications must be completed and received at least 14 calendar days prior to the desired canvassing date.
- University Housing Services staff will notify applicant if canvassing request has been approved within 10 days of the submittal date and will provide procedures on gaining access to residential areas.
- No more than two (2) approved candidates may canvass in the residential complex on an approved night.
- All canvassing candidates will be monitored and/or escorted by University Housing Services staff or designated members of the residential community.
- Any materials distributed by candidates must adhere to the Community Expectations list in the Guide to Residential Life Handbook and must contain the name of the sponsoring individual and organization.
- Canvassers must be aware that to intimidate, harass, abuse, or threaten another by means of use or threatened use of physical or nonphysical force is a violation of campus and housing code of conduct. Candidates must take care that their canvassing does not “cross the line” into harassment or unethical behavior and residents must behave respectfully likewise toward canvassers. Individuals who believe that they have been intimidated, harassed, abused, or threatened may file a complaint with their Resident Assistant, Residence Life Coordinator or the Sac State Police Department.
- Canvassers may not use sound amplifying devices or other techniques that might disturb the peace on the floor, hall or surrounding communities.
- Canvassers must respect any form of contact refusal by a member(s) of the residential area within which they are canvassing. Residential students may place a sign on their room, su

or apartment door indicating NO CANVASSING permitted. Canvassers must respect residents' wishes to not be disturbed.

- Canvassers are required to wear an identification badge at all times while in the halls.

Posting, Advertising, and Distribution of Materials

All materials for posting, advertising, or distribution within the housing complex must comply with University Housing Services guidelines.

Materials for posting by outside entities must be verified, stamped and disseminated by University Housing Services and posted on designated spaces. Materials not meeting these guidelines or materials that are considered obscene or encourage drug or alcohol use will not be posted and will be removed.

Materials should be single-sided and not exceed 11 inches by 17 inches in size. Exceptions may be approved by University Housing Services. Priority of posting materials will be based on the following order: University Housing Services, Residence hall Association (RHA), Student and Academic Departments, officially recognized organizations and clubs within Student Organization and Leadership (SO&L) and off campus agencies.

All postings must clearly identify the sponsoring organization, Sac State affiliation and contact email or phone number. All flyers pertaining to Greek letter organizations must have prior stamped approval from SO&L.

Postings will be removed two weeks from the date of posting with the exception of long-term programs sponsored by or through University Housing Services. All posted materials will be removed within 24 hours of the conclusion of the event.

Distribution of materials through mailboxes is restricted unless it meets the post office requirements for mailing or an exception is made by University Housing Services staff.

Pranks

Pranking or playing a practical joke on another person can lead to injury, inappropriate behavior, acts of retaliation that can be detrimental to the residence hall community.

3D Printers

3D printers are only allowed if approved by University Housing Services. This approval will be done on a case-by-case basis. All students wishing to have a 3D printer in their residence hall room must submit a request to University Housing Services via email (housing@csus.edu).

In the request, the student must provide the following information about their 3D printer:

- Manufacturer
- Model
- Filament type
- Any other relevant information

Quiet and Courtesy Hours

Quiet Hours

Quiet Hours are in effect nightly from 10 p.m. to 9 a.m. inside and outside all residence halls. During these hours, no loud or disruptive activities, loud talking, or other disturbing noise that may be heard outside the room or in the areas surrounding the buildings are permitted. On Friday and Saturday evenings, quiet hours are in effect from 12 midnight to 9 a.m.

Courtesy Hours

Courtesy Hours are always in effect everywhere in the residence hall complex—seven (7) days a week, twenty-four (24) hours a day, inside and outside buildings. Residents are expected to acknowledge and respect the rights and needs of others. Community members have the right and are encouraged to appropriately confront noise at any time. University Housing Services Office reserves the right to relocate or remove students after continued violation of the Quiet and Courtesy Hours Policy. Beginning one week prior to final exams (Sunday through Saturday), all halls will observe extended quiet hours beginning at 7 p.m. During finals week (Sunday through closing) all halls will observe 24-hour quiet hours with courtesy hours scheduled between 4 p.m. and 7 p.m. This extends to the areas outside the residence halls including the pool/quad areas and basketball/tennis courts.

Recreational Facilities

Recreational facilities are located on the North end of the housing complex and intended for the use of students who reside in the housing complex. Recreational facilities include - tennis court, basketball courts, and pools. Use of the pool is at residents' own risk; there is no life guard on duty. Diving, pushing, or throwing individuals into the pool is prohibited at all times. No one under the age of 16 is permitted at the pool and, residents are responsible for their guests. Pool, Basketball & Tennis courts hours are from 9 a.m. - 10 p.m. daily. Additionally, the pool and pool area is closed during the winter months. The pool may not be reserved for private events.

Recycling In the Residence Halls

The California State University System (CSU) and Sacramento State are committed to integrating sustainability into teaching, service, research and facilities management—in other words, to weave “green practices” into every facet of the University. Thus, University Housing Services staff encourages residents to make environmentally-conscious decisions while in living in the residence halls, and to reduce, reuse, and recycle whenever they can.

What can residents recycle at the Residence Halls?

Ink Cartridges

To recycle empty toner and ink cartridges, residents simply need to bring them to the front desk of their Residence hall.

Paper and Cardboard

All clean, dry paper and cardboard (no pizza boxes) may be recycled, including:

- White paper, colored paper and newsprint
- Window and clasp envelopes
- Glossy magazines and catalogs
- Phonebooks and paperback books
- Gift wrap and carbonless forms
- Cardboard

Why Recycle Paper?

Paper recycling is the process of remanufacturing old paper products and turning them into new, reusable paper products. Recycling old paper products uses 60% less energy than manufacturing new materials. Most paper can be recycled up to 8 times to create new products.

Americans throw away enough writing and office paper annually to build a 12-foot high wall that stretches from New York City to Los Angeles. One ton of paper from recycled pulp saves 17 trees, 3 cubic yards of landfill space, 7,999 gallons of water, 4.2 kilowatt hours of energy (enough to heat your home for half a year), 390 gallons of oil, and prevents 60 pounds of air pollutants. It takes 75,000 trees to print a Sunday edition of the New York Times.

Paper makes up over 40% of our waste streams, making it the material that people throw away most. That means for every 100 pounds of trash we throw away, about 40 pounds of it is paper. If every individual recycled one newspaper every day, 41,000 trees could be saved.

Bottles and Cans

Please empty and rinse bottles and containers before recycling. The following types of bottles, cans and containers may be recycled:

- Aluminum cans
- Aluminum foil
- Steel cans (from soup, tuna, etc)
- Glass bottles and jars of all colors (please remove the caps/lids)
- #1 PETE plastic bottles (from water, sodas, etc.)
- #2 HDPE plastic bottles (from shampoo, detergent, etc.)

Why Recycle Bottles and Cans?

Producing a soda can from aluminum uses 95% less energy than manufacturing a can from its raw material (bauxite) and produces 95% less air pollution and 97% less water pollution.

Recycled soda bottles (plastics #1) can be made into carpeting, fleece clothing, tote bags, picnic tables and traffic cones.

At current steel recycling rates, the U.S. saves enough energy to provide 18 million homes with electricity. Aluminum and steel have high scrap metal recycling value, so the more that individual recycle, the more energy and money are saved.

Glass can be recycled repeatedly and never loses its quality or quantity. Americans use more than 100 million steel cans and more than 200 million aluminum beverage cans every day, enough to rebuild the entire U.S. commercial airliner fleet every three months.

Reduce your use of Bottles and Cans

Many local coffee shops offer a discount for bringing your own coffee mug. Get a reusable water bottle— most people don't know that tap water must meet more stringent standards than bottled water.

How to Recycle Bottles, Cans, Plastic Bags, Paper, and Cardboard in the Residence Halls

The residence halls participate in the campus co-mingling recycling program. Each resident room provided with one blue plastic recycling container. Residents should collect all food-free paper products and cardboard and place those items in the blue recycling container along with all of the aluminum, glass, and plastic containers. Once the blue recycling container is full, residents should bring it outside and dump it into the large white recycling bin in the back of their hall next to the garbage dumpster. In the American River Courtyard, recyclable trash should be dumped in the appropriate garbage chute (with the exception of non-broken down cardboard). In the American River Courtyard, clean cardboard that is not broken down should be taken to the 1st floor trash chute area for recycling. Cardboard that is not broken down and "stuffed" into the trash chute will plug the chute making it unusable. Staff will have to lock the chute until the plug can be removed. It is important that all paper and cardboard products have no food debris on them. Containers must also be rinsed to remove any food or beverages left in or on the containers, otherwise all the items the recycling dumpster and will be thrown into our local landfill.

E-WASTE

What is e-waste (or e-scrap)?

E-waste is a commonly used term for electronic products at the end of their "useful life." Unwanted electronic products such as computers, printers, TVs, VCRs and stereos make up one of the fastest growing segments of our nation's waste stream.

Why Should e-waste be eRecycled?

Many Californians are unaware that it is illegal to throw most unwanted electronics in the trash. The hazardous materials contained in these items, such as lead, can be harmful to the environment and human health if improperly disposed. E-waste also contains valuable resources that should be recovered— in other words, eRecycled.

What can be eRecycled in Residence Halls?

Items that can be eRecycled in the residence halls include: computers, monitors, printers, mice, keyboards, speakers, TVs, VCRs, DVD players, stereos, microwaves, lamps, blow dryers, chargers, power cords, cell phones, CDs, DVDs.

How to Recycle e-waste in the Residence Halls

Residents can turn in e-waste material into a designated location for proper recycling anytime of the academic year. Please see your hall staff for more information.

During the end of the fall and spring semesters, e-waste bins are provided in each hall for student use.

Batteries

As of February 8, 2006, all Californians are required by law (California Code of Regulations, title division 4.5, chapter 23) to recycle batteries through an authorized agent or recycling facility. As a regulated waste, businesses and households can be held liable for not maintaining compliance with the requirements of the “Universal Waste Rule.” Universal wastes are wastes that are generated by a wide range of the public and so the state has authorized less stringent regulations on their handling and management. Included in this category of universal waste are batteries, fluorescent lamps, mercury-containing devices and electronic waste (e-waste).

Why Recycle Batteries?

Besides the regulatory mandate, batteries contain metals or other toxic or corrosive materials. Individual batteries pose a minimal risk to people or the environment, but an accumulation of them in a landfill could lead to soil and groundwater contamination. Metals reclaimed from recycled

batteries can be used to make new products. The best option is to use rechargeable batteries such nickel cadmium, lithium, or nickel metal hydride that can help reduce the amount of battery wast generated, thus promoting a more sustainable environment.

What Batteries can be Recycled in the Residence Halls?

Any battery of any type or size that exhibits a hazardous characteristic or contains metals must be recycled. This includes the following:

- One-time use batteries (including alkaline, silver button, zinc-carbon)
- Rechargeable batteries (including nickel cadmium, lithium, nickel metal hydride)
- Small lead acid batteries (including burglar alarm, emergency light, power backup)

How to Recycle Batteries in the Residence Halls

Each hall front desk has a collection container for residents to turn in batteries for recycling.

Room Capacity Policy

For fire safety, the following room capacity guidelines have been set for your room:

Jenkins, Draper, Desmond, Riverview, Sierra, and Klamath

- Double/Triple Occupancy Rooms: 8 Maximum
- Single Occupancy Rooms: 4 Maximum

American River Courtyard

- Total in suite: 15 Maximum
- Studios: 4 Maximum

Requests to temporarily waive this policy for special occasions (e.g. birthdays, celebrations, etc.) must be made with the Residence Life Coordinator at least 7 calendar days prior to the event.

Roommate Mediation

Roommates that are threatening, hostile, or who refuse to engage in the mediation process will be moved (see “Community Living: Roommate Mediations”).

Smoke and Tobacco Products

Sacramento State is considered a Smoke and Tobacco Free campus. Smoking, the use or sale of tobacco products, and the use of designated smoking areas are prohibited on all California State University properties.

Smoking is prohibited inside all buildings within the housing complex. Smoking is defined as inhaling, exhaling, burning or carrying a lighted cigarette, cigar, pipe, or other smoking apparatus. Electronic cigarette use or vaping is also prohibited on campus. Hookahs, either fully or partially assembled, are prohibited in student rooms. The heating of hookah coals is prohibited within residence halls.

Social Media and Electronic Communication

Any conduct taken via social media, online communities, or through electronic communications (text, pictures, and videos) that violates any University Housing Services policy or University policy will be considered a violation of policy. In addition, residents should be aware that materials sent electronically or posted on social media may be used as evidence during the student conduct process for policy violations occurring in the residence halls.

Please follow recommended safety guidelines (See “Reslink Communication Services & Online Safety”) when sharing personal information on social networking sites and online communities. Personal information includes hall and room number, cell phone number, date of birth and photographs.

Solicitation

Door to door solicitation both commercial and noncommercial is strictly prohibited. Sliding ads/fliers under doors or using door hangers is strictly prohibited.

Sports or Related Activities In Residence Halls

Sports or sport-like activities are prohibited in the residence halls (including, but not limited to: baseball, football, basketball, hockey, soccer, bicycle riding, skateboarding, rollerblading, running Frisbee-tossing, scooter riding, etc.). Additionally, toy guns (see “Firearms and Weapons”), water guns and water balloons are not permitted inside the residence halls. Continued violations or non compliance with requests to cease the aforementioned activities may result in the confiscation of sports or related equipment, or other disciplinary action.

The Student Conduct Process

University Housing Services Student Conduct Process

As indicated in the code of conduct, “Any conduct which violates University and housing policies or regulations may subject a student to disciplinary action.” All conduct cases are handled by the University Student Conduct Officer or their designee and follow the procedures outlined in [Executive Order 1098](#).

The Associate Director oversees the University Housing Services conduct process. However, there are additional staff members that serve as University Housing Services (UHS) Conduct Officers for the informal conduct meeting process.

These individuals include:

- Executive Director of University Housing Services Division of Student
- Director of University Housing Services
- Associate Director of Residential Education
- Assistant Director and/or Residence Hall Life Coordinators (RHCs)
- Hornet Commons Residence Life Manager
- Hornet Commons Director of Affiliated Housing
- Graduate Student Assistants (GSAs)

All violations of University Policy and/or University Housing Services Policy will generally be handled by University Housing Services. Incidents involving repeated violations or potential dismissal or expulsion from the University are forwarded to the University Student Conduct Office.

Below is a description of the University Housing Services Student Conduct process for students living in the residence halls.

- If a student allegedly violates University, University Housing Services, or Affiliated Housing policies, an Incident Report is submitted based on information gathered during the incident and submitted within 24 hours of the incident occurring. A Residence Hall Coordinator (RHC) will then be assigned to the incident. Based on the information in the incident report, the RHC will decide either to take no further action or to require the student(s) involved to meet with a UHS Conduct Officer for an informal conduct meeting.
- If an informal conduct meeting is necessary, the student will be notified about the date, time, and location of their conduct meeting. This notification will be through the student's Sac State email. It is the student's responsibility to check their campus email and be present at the meeting.
- Failure to attend a scheduled conduct meeting or to reschedule in advance, as outlined in the notification letter, may result in a decision being made in the student's absence or may result in a hold being placed on the student's account.
- During the conduct meeting the UHS Conduct Officer, will review with the student a summary of the incident and the alleged violations, as well as discuss their behavior in regard to the incident.
- After all information has been presented, the UHS Conduct Officer will assess whether there is a preponderance of evidence to determine if a student did or did not violate the University Housing Services Policy. Preponderance means the majority. The standard is met if the alleged violation is more likely to be true than not true. The standard is satisfied if there is a greater than fifty percent chance that the alleged violation is true. If the student is found responsible for violating University Housing Services Policy, appropriate sanctions will be assigned.
- The sanctioning process typically involves two forms of sanctions. The first is inactive sanctions that include warnings, probations, etc. These sanctions are listed below. Other potential sanctions include educational sanctions. The UHS Conduct Officer will describe these sanctions and the expectations for these sanctions in person and in the outcome letter.
- The student may appeal the decision (see Appeals Process below).
- All conduct cases are confidential, and case files are kept on record for seven years.

University Housing Services Sanctions

When a UHS Conduct Officer assigns a sanction, it indicates the student has been found responsible for violating University Housing Services policy. Such sanctions are designed to help the student understand how their behavior impacted others in the residence halls. Besides the sanctions listed

below, other sanctions could be assigned including, but not limited to, the following: loss of privilege, fines, student registration holds, completion of an educational module and/or project, along with other educational sanctions. Failure to complete required sanctions may result in additional sanctioning including a hold being placed on the student's account.

Housing Warning

Notification that the resident was found responsible for violating University Housing Services policy.

Housing Probation

The resident is no longer in good standing. Further violations may result in relocation or removal other loss of privileges.

Housing Relocation

Relocation of a resident to another room or residence hall.

Housing Removal

Removal of a resident from housing for a specific period of time or permanently.

Appeals Process

The student may appeal the decision of their informal hearing by submitting an appeal from their campus email account to the Associate Director within five (5) working days of receiving their hearing outcome letter. Specific information about the Associate Director and their contact information will be provided in the student's outcome letter. Appeal decisions and incidents that involve drugs, alcohol, relocation, and removal from housing shall be made in consultation with the Senior Director, Executive Director, and/or Director of Affiliated Housing.

Threatening Behavior

Conduct that threatens or endangers the health or safety of any person within or related to the residence hall community, including fighting, physical assault or abuse, threats, intimidation, harassment, or sexual misconduct is prohibited.

Title IX Notice of Non-Discrimination

The California State University does not discriminate on the basis of sex, gender, or sexual orientation in its education programs or activities. Title IX of the Education Amendments of 1972 and certain other federal and state laws, prohibit discrimination on the basis of sex in all education programs and activities operated by the university (both on and off campus). Title IX protects all people regardless of their gender or gender identity from sex discrimination, which includes sexual harassment and violence [1].

Sexual Misconduct

All sexual activity between members of the CSU community must be based on affirmative consent. Engaging in any sexual activity without first obtaining affirmative consent to the specific activity is sexual misconduct, whether or not the conduct violates any civil or criminal law.

Sexual activity includes, but is not limited to, kissing, touching intimate body parts, fondling, intercourse, penetration of any body part, and oral sex. It also includes any unwelcome physical sexual acts, such as unwelcome sexual touching, sexual assault, sexual battery, rape, and dating violence. When it is based on gender, domestic violence and stalking also constitute sexual misconduct. Sexual misconduct may include physical force, violence, threat, or intimidation, ignoring the objections of the other person, causing the other person's intoxication or incapacitation through the use of drugs or alcohol, or taking advantage of the other person's incapacitation (including voluntary intoxication). Men as well as women can be victims of these forms of sexual misconduct. Sexual activity with a minor is never consensual when the Complainant is under 18 years old, because the minor is considered incapable of giving legal consent due to age.

- Sexual Assault is a form of sexual misconduct and is an attempt, coupled with the ability, to commit a violent injury on the person of another because of that person's gender or sex.
- Sexual Battery is a form of sexual misconduct and is any willful and unlawful use of force or violence upon the person of another because of that person's gender or sex as well as touching an intimate part of another person against that person's will and for the purpose of sexual arousal, gratification, or abuse.

- Rape is a form of sexual misconduct and is non-consensual sexual intercourse that may involve the use of threat of force, violence, or immediate and unlawful bodily injury or threats of future retaliation and duress. Any sexual penetration, however slight, is sufficient to constitute rape. Sexual acts including intercourse are considered non-consensual when a person is incapable of giving consent because s/he is incapacitated from alcohol and/or drugs, is under 18 years old, or if a mental disorder or developmental or physical disability renders a person incapable of giving consent. The Respondent's relationship to the person (such as family member, spouse, friend, acquaintance or stranger) is irrelevant. (See complete definition of affirmative consent below.)
- Acquaintance Rape is a form of sexual misconduct committed by an individual known to the victim. This includes a person the victim may have just met; i.e., at a party, introduced through a friend, or on a social networking website. (See above for definition of Rape.)

Sexual Discrimination

Sexual Discrimination means an adverse action taken against an individual because of gender or sex (including sexual harassment, sexual violence, domestic violence, dating violence, and stalking, and sexual misconduct) as prohibited by Title IX; Title IV; VAWA/Campus SaVE Act; California Education Code § 66250 et seq.; and/or California Government Code § 11135. See also Title VII of the Civil Rights Act of 1964, the California Fair Employment and Housing Act (Cal. Govt. Code § 12940 et seq.), and other applicable laws. Both men and women can be victims of Sex Discrimination.

Sexual Harassment

Sexual Harassment is unwelcome verbal, nonverbal, or physical conduct of a sexual nature that includes, but is not limited to sexual advances, requests for sexual favors, and any other conduct of a sexual nature where:

- Submission to, or rejection of, the conduct is explicitly or implicitly used as the basis for a decision affecting a student's academic status or progress, or access to benefits and services, honors, programs, or activities available at or through the University; or
- Such conduct is sufficiently severe, persistent or pervasive that its effect, whether or not intended, could be considered by a reasonable person in the shoes of the student, and is in fact considered by the student, as limiting the student's ability to participate in or benefit from the services, activities or opportunities offered by the University; or
- Submission to, or rejection of, the conduct by a University employee is explicitly or implicitly used as the basis for any decision affecting a term or condition of employment,

an employment decision or action; or

- Such conduct is sufficiently severe, persistent or pervasive that its effect, whether or not intended, could be considered by a reasonable person in the shoes of the University employee or third party, and is in fact considered by the University employee or third party as intimidating, hostile or offensive.

Sexual Harassment could include being forced to engage in unwanted sexual contact as a condition of membership in a student organization; being subjected to video exploitation or a campaign of sexually explicit graffiti; or frequently being exposed to unwanted images of a sexual nature in a classroom that are unrelated to the coursework.

Sexual Harassment also includes acts of verbal, non-verbal or physical aggression, intimidation or hostility based on Gender or sex-stereotyping, even if those acts do not involve conduct of a sexual nature.

This policy covers unwelcome conduct of a sexual nature. While romantic, sexual, intimate, personal or social relationships between members of the University community may begin as consensual, they may evolve into situations that lead to Sexual Harassment or Sexual Misconduct, including Dating or Domestic Violence, or Stalking, subject to this policy.

The University is required to designate a Title IX Coordinator to monitor and oversee overall Title IX compliance.

Our campus Title IX Coordinator is available to explain and discuss:

- The University's process for addressing discrimination or harassment complaints, including how confidentiality is handled;
- Your right to file a criminal complaint (sexual violence, dating/domestic violence, or stalking);
- Available support resources, both on and off-campus; and other related matters.

Residents are responsible for the regular and proper disposal of personal trash. Dumpsters are located in the back of each hall. Plastic liners are available for room trash cans at the hall front de Personal garbage should not be placed in bathroom or laundry room trash receptacles, inside or outside any public areas, on roofs, or in parking lots. Residents will be charged if trash is left in an inappropriate location (see “Health and Safety Inspections,” “Littering”).

Vandalism

Vandalism to any Residence Life or University building, machinery, property, or signage (including bulletin boards, fliers, posters and signs) is prohibited. Violations of this policy will result in individual or shared billing and/or disciplinary action.
